

**Natura Pet Expands Voluntary Recall of Dry Pet Foods
Due to Possible Health Risk**

FREMONT, NEBRASKA, March 29, 2013 –Natura Pet Products is voluntarily expanding its recall of dry pet food because it has the potential to be contaminated with *Salmonella*. No *Salmonella*-related illnesses have been confirmed to date.

Salmonella can affect animals eating the products and there is risk to humans from handling contaminated pet products, especially if they have not thoroughly washed their hands after having contact with the products or any surfaces exposed to these products.

Healthy people infected with *Salmonella* should monitor themselves for some or all of the following symptoms: nausea, vomiting, diarrhea or bloody diarrhea, abdominal cramping and fever. Rarely, *Salmonella* can result in more serious ailments, including arterial infections, endocarditis, arthritis, muscle pain, eye irritation, and urinary tract symptoms. Consumers exhibiting these signs after having contact with this product should contact their healthcare providers.

Pets with *Salmonella* infections may be lethargic and have diarrhea or bloody diarrhea, fever, and vomiting. Some pets will have only decreased appetite, fever and abdominal pain. Infected but otherwise healthy pets can be carriers and infect other animals or humans. If your pet has consumed the recalled product and has these symptoms, please contact your veterinarian.

Sampling conducted by the Michigan Department of Agriculture and the Georgia Department of Agriculture confirmed the presence of *Salmonella* in additional dry cat food and a cat pet treat. In an abundance of caution, Natura is also recalling product made in the surrounding timeframe. This affects dry foods only; no canned wet food is affected by this announcement.

The affected products are sold through veterinary clinics and select pet specialty retailers nationwide and in Canada, Hong Kong, Korea, Japan, Malaysia and Costa Rica, as well as online. The dry cat food expiration dates for this expanded recall range from 1/1/2014 to 3/24/2014. The dry cat treats have expiration dates from 7/1/13 to 9/27/13.

Consumers who have purchased these pet foods should discard them. For additional information, consumers may visit www.naturapet.com. For further information or a product replacement or refund call Natura toll-free at 800-224-6123. (Monday – Friday, 8:00 AM to 5:30 PM CST).

The included lot codes are:

Expiration Date: **12/14/13 thru 3/24/14**
